#### **COLONEL STONE AT LONG ODDS.**

Perpetual Good Thing Won the First Race-Arbitrator Landed the Second Race at a Fancy Price-Ethylene's Race.

Though the weather was hot enough to kill people, there were several interesting es at Delmar Park yesterday. An sciting day wound up with some very lively horse auctions after the finish of the fifth and sixth races. Lunar, who won the fifth event, was entered for the paltry sum of \$400 by Mr. Stevens. M. Gumpertz, Jr.

JOCKEY D. BHAW, purteen-old St. Louis boy, who made a good start this year at the Fair Grounds. He waights & pounds and is owned by Doctor E. B. Kinder. He rode Bright Knight to victory at 190 to 1, and Fox Bard at 49 to 1.

good filly had not a friend of his come to
the rescue and pulled the intending bidders
off. Mr. McMillan retained her for \$805, and
can bless his lucky stars that he had a
good friend at court.

Okla Disappointed Her Backers.

Sport began with a 2-year-old field of
maldens. Okla, whose last race was bad,
was made a strong favorite, while Anna
Elliott, Hunter Raine and Phonolite were
next in order. Okla was well off, got a
good ride and was beaten by Colonel Stone,
the perpetual good thing, who finally managed to get away well. He outgamed Okla
in a hard drive. Lillian M. ran third. Phonolite has evidently gone back, and Hunter
Staine was pinched out of it at the start.

The second event was cuite the little for

The second event was quite thrilling for its long shots. Golden Harvest was a hot favorite at 11 to 16. She didn't show anything to justify it. Arbitrator put up a twenty-pound improved race and landed at 15 to 1 by a scant neck, from Around Again, who was held at 160 to 1, and against whom to 1 for place and 20 to 1 to show, was laid. The Republic tipped him to show. With a good ride Arbitrator would have won. Connie Lee finished strong after a very stormy passage.

on. Connie Lee finished strong after a very tormy passage.

Sam Lazarus by a Nose.

Sam Lazarus won the high-weight race in tight finish with Revoke. Mr. Dade kept he horses at the post an unconscionably ong time in a broiling sun to please Sid henn. Herday and Valimar. When he finally did get them off all the bad actors were away in front, and Revoke had six flying lengths the best of it. She almost won, but Dale's superborice on Lazarus got the money for that horse by a nose, the mere nod. In fact.

money for that horse by a nose, the mere nod, in fact.

Ethylene proved herself an honest daughter of Ethel Gray by winning the fourth race in easy fashion from Marque, who ran a very strong race from a stormy beginning. Wyeth was third, Kaffir fourth, with Terra Firma fifth and Varner last.

Kaffir showed his worthlesaness—now that Mr. Hayes is away—by keeping up in the first part of it and then wearing away at the end. His previous races were run in the stretch after alow beginnings. He ran his race in the first part of it yesterday.

Lunar was a 1-to-2 shot in the fifth, but the was to be had at 8 to 5. It was like shoining it. She just romped home, and was bid up and taken away from Mr. Stevens, Meddlesome ran a good race into second piece and Prince Stonmouth finished tracity in third position. Charles D., under a murdering ride from a boy named Wilson, finished fourth. He should have been up with the winner.

Prima II just galloped in the last race. Verify liked the track, which further reves that it suits a mudder. John Morton, after being jostled out of it on the last turn, made up a lot of ground and feished a good third.

ADE PRANK A REPEATER.

Event of Washington Pack.

Chicago, July 15.—Abe Frank proved what wonderful 2-year-old he is to-day by wining the Edgewater Stakes almost in a galop from the best youngstars at Washington Park, with the exception of Endurance y Right. When Abe Frank ran away here miles on last Thursday as the result? his jockey falling off at the post, it was faired by many that the colt was selectly and perhaps permanently injured. To-day he showed none of the effects of its accident. He was ridden by Bullman, the lay behind Charles W. Meyer in the army part of the contest, and them came and won at ease from Pentecout and Sir Diver.

Only One Sharpshooter Get a Nese at the Money.

New York, July 16.—It was another favorites' day at the Brighton Beach race track, five first choices getting first to the wire, equaling yesterday's record. Andalusian, at 7 to 10 in the fifth race, was the only one to disappoint his followers, and a had send-off was partly responsible for this. Fair Knight, at 5 to 1, won this race, but it brought little consolation to the "layers," as he was a well-backed second choice.

The Jamaica Stakes was the fixture decided. Only four of the eleven carded to go accepted the issue, but it resulted in one of the prettiest races of the meeting. First Whip and The Regent ran head and head through the last five furlongs, the first named winning by such a narrow margin that only the judges could decide between them.

Tammany Chief Will Quit the American Racing Tracks.

New York, July 16.—Richard Croker has notified his English agent to have his American race horses and brood mares shipped to Wantage, and, it is stated, will, in the future, confine his racing operations to England, forsaking entirely the American turf.

This step is believed to be due to the fact that while Mr. Croker has been remarkably successful with his race horses in England this year, he has been correspondingly unfortunate on this side of the water.

It is maid to be the ambition of Mr. Croker to win the Derby with a colt of his own breeding. His brood mares, for which he paid big prices, will be shipped to England. Beau Gallant and Beliarlo will be trained in England by Enoch Wishard, an American.

TO-DAY'S CARD AT DELMAR PARK Nance O'Neill's good race against Judge Steadman gives her a chance in the first race at Delmar Park to-day, although she ran a bad one on her last out. Metry Wager is supposed to be a sleeper, and is in light. On their last race, Mound City has Elsie Barnes beaten. Two Annies has been running poor races, but she can best this lot a block if she is right to-day. It should come: Two Annies, Mound City, Merry Wager.

La Spara, who improved so much on her last out; Tidal Wave, a rare muddler, and Sylvian and Zasel all seem to have chances in the third race. Sylvian's recent races have been consistently good. Still, Tidal Wave is such a good mudder that we will have to give him a chance on the new track, which so favors mudders. Sylvian should be second and, despite her bad race last time, Zasel should be third.

If his handlers trent Joe Doughty right, he should about land in the coin. General McGruder will be second, and Skillman

Several Records Broken in the Grand

Several Records Broken in the Grand Circuit Meeting.

Detroit, Mich., July 16.—Ten thousand people saw Eleata, a 4-year-old black mare, bred on the Palo Alto farm in California and owned by ex-Senator Frank Jones of New Hampshire, win the \$10,000 Merchants and Manufacturers; Stake for 2:24 class arotters at the Grosse Pointe track this afternoon and lower the record for the race from 2:10% to 2:08%. In the early auctions Eleata brought \$11 to \$100 for the field, but when the first heat was called she was bringing \$50 to \$55. Nevs Simmons was second choice in the betting, but could not get better than third place in the race.

Another record was broken in the 2:08 bringing \$50 to \$85. Neva Simmons was second choice in the bettire, but could not get better than third place in the race.

Another record was broken in the 2:08 trot, when The Monk forced Boralma to go the last heat in 2:07%, lowering his mark three-quarters of a second.

Fifteen horses answered the starter's bell when the first heat of the M. and M. was called. It was a hard field to get off. Neva Simmons had the pole, but she broke before the first turn, and Eleata took the lead as they turned for the back stretch and held it to the wire. Neva Simmons took second in this heat by splendid trotting on the back stretch after Driver Price had gotten her on her feet again. Eleata was in front all the way in the second heat, although Country J. made a strong bid in the stretch. Going steady as a clock, the black mare took the third heat in record time and was greeted with enthusiastic cheers as she came under the wire with Driver Marsh looking back and shaking his head at the others, six to ten lengths in the rear.

Of the stake 2,000 is held out for the Cousolation Stake on Thursday, and the balance, with the added money, will go as follows: Eleata, \$5,850; Country J., \$3,250; Neva Simmons, \$1,350. This is the first time since Emma Offut's victory in 1896 that the M. & M. has been won in straight heats.

Xava opened favorite in the 2:20 pace, and in the first heat led up to the stretch, where a break gave the heat to Helen D. The latter mare had all the speed in the next two heats and won the race.

In the 2:16 pace Winfield Stratton opened favorite at \$50 to \$25 for the field. He was still a 2 to 1 favorite after losing the first heat to Braden, who won the second heat and race from Capitain Potter, after a flerce drive in the 2:08 trot. The Monk broke badly at the start of the first heat and just got inside the first, but in the second made Boralma go under in his record to win.

The foregoing was published in the Belleville evening papers yesterday and caused much excitement in the city. Meetings were held all over the town, and the situation was discussed. Both the water company and the members of the City Council were condemned because of the critical condition which the water question has been allowed to reach, and all sorts of suggestions were made for rellef.

The suspension of the Belleville Water Company will throw the city into a water famine. All of the manufacturing concerns in Belleville will have to shut down. Without water, a slight fire would result most disastrously to the city of Belleville.

The trouble between the water company and the City Council is of long standing. It is the result of an attempt on the part of the city to declare its right, through ordinance, to change a contract now existing for the purpose of making a more advantageous one for the municipality. Allegations have been made by Councilmen, which are denied by officials of the water company, that the water furnished the citizens is not pure well water, but is mixed with lake water. Over a year ago the water company, that the water furnished the citizens is not pure well water, but is mixed with lake water. Over a year ago the water company threatened to shut off the supply in the fire hydrants if the rental was not paid, but citizens of the town induced the company to recede from its position.

The action by the water company has been expected by Belleville citizens for a long time. The City Council is divided over the question of paying \$19,000 or \$12,000 a year for the water company's ultimatum.

Last night arrangements were being made by a number of prominent citizens of Belleville city be begin injunction proceedings in the Circuit Court this morning restraining the water company from carrying out its threat.

SISTER OLYMPIA TESTIFIES.

Witness Before Ecclesiastical Court at Florissant.

The ecclesiastical court inquiring into the claims to canonization of the Very Reverend Father Felix DeAndreis went to Florissant yesterday afternoon to examine Sister Olympfa, a nun, who was born in 1816, and remembered when Father DeAndreis's body was brought to Perry County fo burial.

Sister Olympia, who was too feeble to come to St. Louis, remembered in what veneration the holy man was held by the sisters of the Loretto Convent in Perryville, where she was until 1840. This constituted the most important part of her testimony, which was taken under oath of secrecy. Sister Olympia was a little girl at the time of Father DeAndreis's death, but lived near St. Mary's Seminary in Porryville, where he was buried.

More than 100 witnesses will be examined before the court adjourns. The testimony will then be sent to Rome, where, if considered worthy of consideration, it will be re-examined by another court ten years hence.

Whatever may be the cause of Varicocale, its injurious effect is well known. It depresses the mind, weakens the body, racks the nervous system and ultimately leads to a complete loss of sexual power. If you are a victim of this dire disease come to my office and let me explain to you my process of treating it. You will then not wonder why I have positively cured more than 700 cases of Varicocale during the past 12 months. Under my treatment the patient improves from the very beginning. All pain instantly ceases. Soreness and swelling quickly subside. The pools of stagnant blood are forced from the dilated veins, which rapidly assume their normal size, strength and soundness. All indications of disease and weakness vanish completely, and in their stead come the pride, the power and the pleasures of perfect health and restored manhood.

More Cures.

I also cure, to stay cured, Varicocele, Stricture, Nervo-Sexual Debility, Contagious Blood Poison, and all assoclate diseases and weaknesses of men.
